Reflect on the topic

Working silently and individually, have each person create a few sticky notes in all four quadrants below for about five minutes. With the remaining time, discuss notes in each quadrant.

What went well?

What should we keep doing?
What should we celebrate?
Where did we make progress?

What went poorly?

Where did we have problems?
What was frustrating to us or others?
What held us back?

What ideas do you have?

What ideas do you have for future work together?
Where do you see opportunities to improve?
What has untapped potential?

How should we take action?

What do you believe we should do next?
What specific things should we change?
What should extend beyond this meeting?

Workstation engineering team Sprint 10

A Comprehensive Analysis of Financial Performance Insights from a Leading Bank

Sticky notes in the quadrants:

3.RESULT:

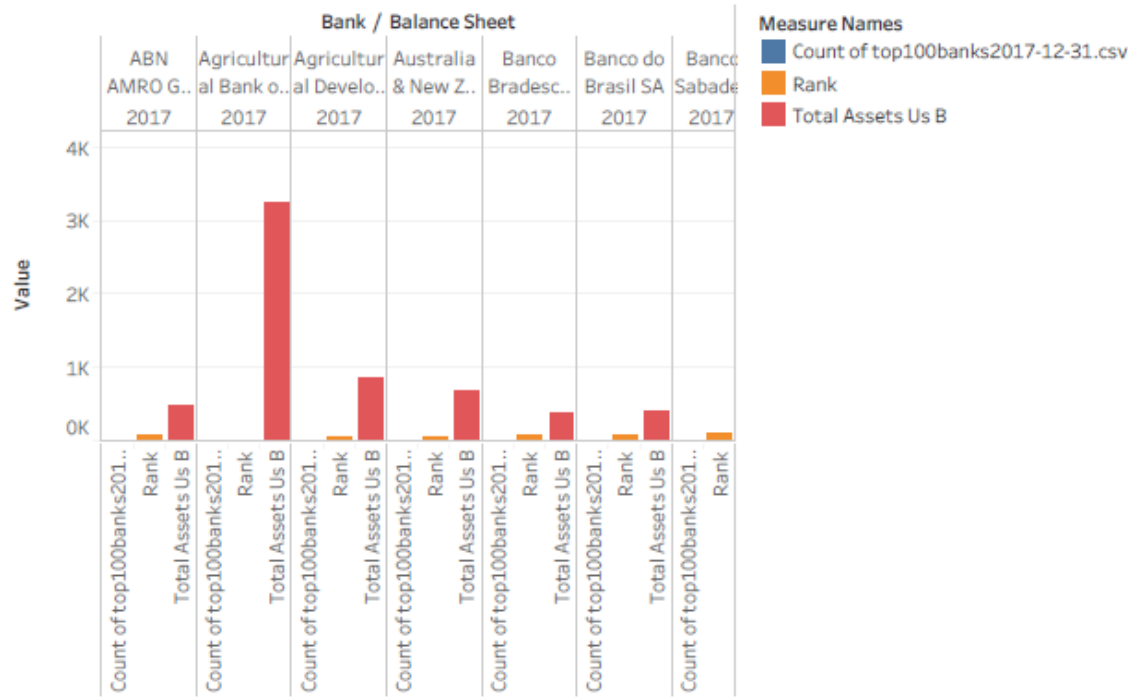

This data may include information about the bank insights all over the country for different reasons.

Sheet 1

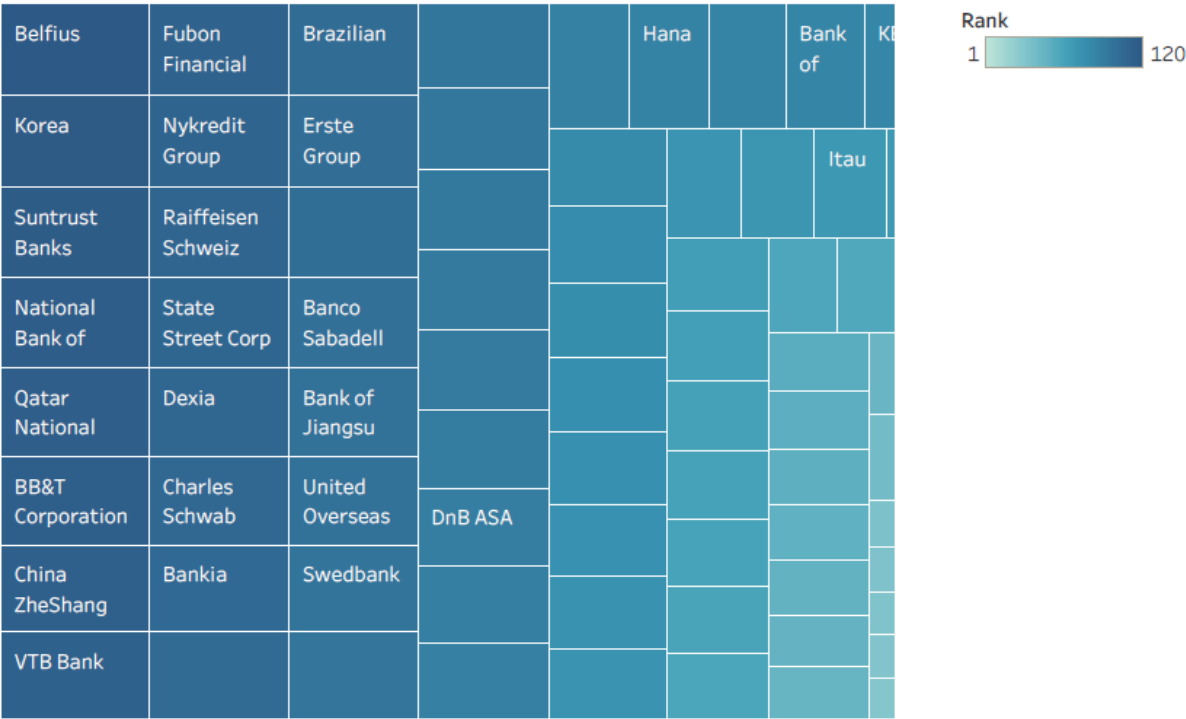

Sheet 2

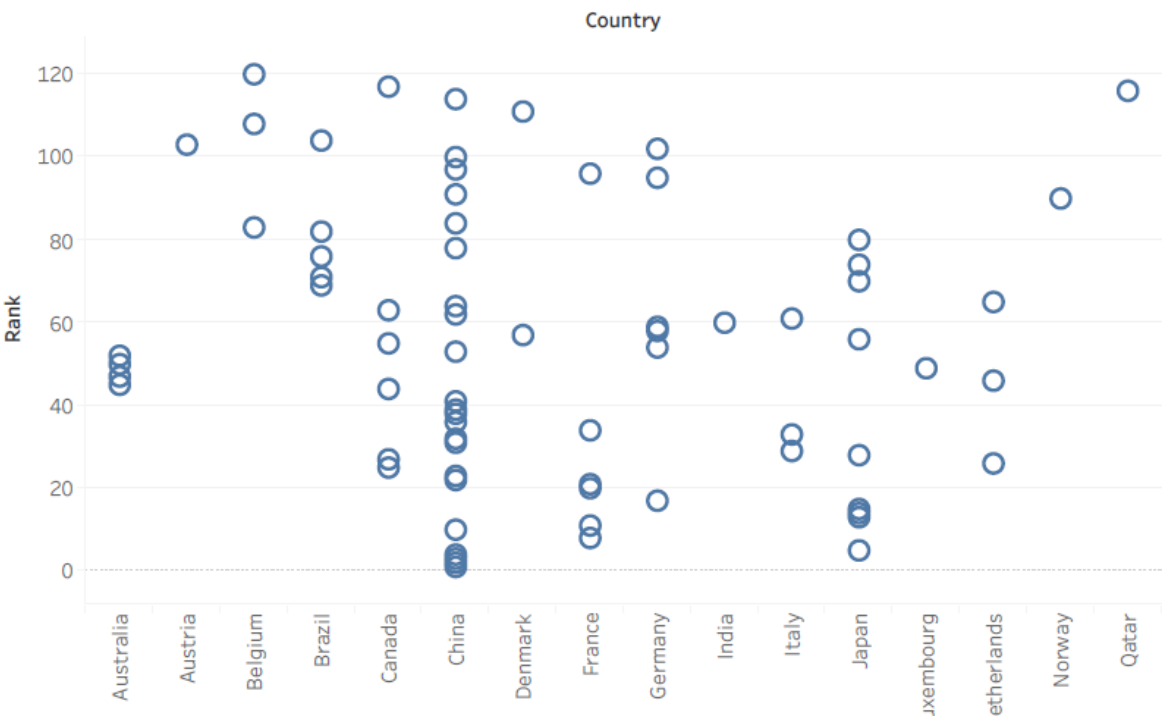

Sheet 3

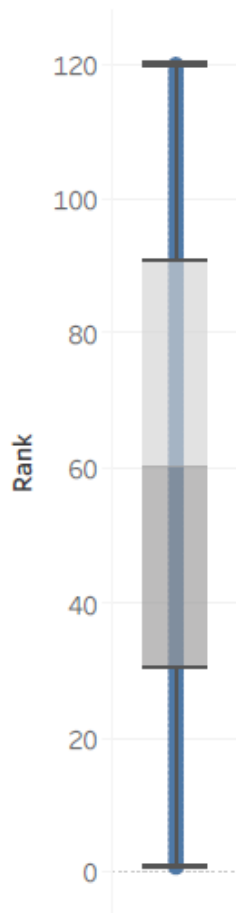

Sheet 4

Sheet 5

Sheet 6

4.ADVANTAGES & DISADVANTAGES:

*Banking insights shows how your share of activity is developing in key areas against market totals and/or against a group of peers.

* Proper response to the customers.

5.APPLICATIONS:

To identify and rate individual customers who are at risk of fraud and then apply different levels of monitoring and verification to those accounts.

6.CONCLUSION:

In conclusion banking holds a crucial role in our day to day life. We must adhere to the banking system as responsible citizens.

7.FUTURE SCOPE:

Our pre-COVID-19 research on the future of work suggests that almost all roles in bank branches will decline over the next decade. The average branch size is projected to shrink from six full time equivalents to four by 2030.
